**EXPOSE
SHELVING SYSTEM**

WE ARE LIBRARY PEOPLE®

ANACO

Exposé shelving system

Exposé is a slim and yet strong shelving system. The panels are made of a 22 mm thick solid birchwood strip in the front and epoxy painted 22x2 mm diameter steel tube in the back with 3 steel crossbars, 32x7 mm. The wood parts can be stained or painted in a number of colours. The steel parts come in RAL 7043 grey as standard, but can be painted in any of the colours Eurobib has chosen as its standard.

HEIGHTS

The bays are available in three heights, 1367, 1687 and 1943 mm. Heights include adjustable feet (15 mm).

DEPTHS

Panel depths in mm above and shelf depths in mm below the drawings.

Upright panel depth

Steel shelf depth

WIDTHS

The bays are available in starter and add-on bays.

Metal steel frame.

The steel frame is included when ordering complete bays. However it may be necessary to order separate components as spare parts or when existing shelving units are rearranged.

Metal frame width 913 x height 798 mm, excl. hardware.	34038
Metal frame width 763 x height 798 mm, excl. hardware.	34039
Hardware for frame or full back for starter bay.	35411
Hardware for frame or full back for add-on bay.	35412

Important note: The hardware sets may contain an excess of fittings. They cannot be used to subtract fittings from the complete sales units.

Full back panels.

The full back panels for Exposé are designed for use in lieu of the steel frame in any single-sided or double-sided shelving bay. The panels are made of perforated steel.

Full back 990x913 mm for panel height 1352 mm, excl. hardware	not in inventory	34032
Full back 1301x913 mm for panel height 1672 mm, excl. hardware	not in inventory	34033
Full back 1566x913 mm for panel height 1928 mm, excl. hardware.		34034
Full back 990x763 mm for panel height 1352 mm, excl. hardware	not in inventory	34105
Full back 1301x763 mm for panel height 1672 mm, excl. hardware	not in inventory	34106
Full back 1566x763 mm for panel height 1928 mm, excl. hardware.	not in inventory	34107
Hardware for frame or full back for starter bay.		35411
Hardware for frame or full back for add-on bay.		35412

Important note: The hardware sets may contain an excess of fittings. They cannot be used to subtract fittings from the complete sales units.

Flat steel shelves.

The steel shelves and loose clear acrylic back stops are included when ordering complete bays. However it may be necessary to order separate components as spare parts or when existing shelving units are rearranged.

Flat steel shelf 866x273 mm incl. fittings and back stop in clear acrylic.	35333
Flat steel shelf 716x273 mm incl. fittings and back stop in clear acrylic.	35433
Back stop in clear acrylic 865x40 mm.	34050
Back stop in clear acrylic 715x40 mm.	34049

Sloping steel shelves.

The steel shelves are included when ordering complete bays.
However it may be necessary to order separate components as spare parts or when existing shelving units are rearranged.

Periodical steel shelf 864x315 mm, incl. fittings.	35334
Periodical steel shelf 713x315 mm, incl. fittings.	35434

Media steel shelves. *not in inventory

Media display shelf, length 866 mm*, incl. fittings.	35393
Clear acrylic front for 35393.	34437
Media display shelf, length 716 mm*, incl. fittings.	*35493
Acrylic front for 35493.	34438
Acrylic dividers for 35393 and 35493.	34441
Shelf peg for assembling the media shelves (2 pcs/shelf).	34064
Shelf peg for assembling the media shelves (2 pcs/shelf).	5367

*Capacity: 90 CDs or 110 music cassettes with displayed fronts.

CD/music cassette shelf, w866xh160xd145 mm, incl. fittings, capacity: 85 CDs or 50 music cassettes.	35395
CD/music cassette shelf, w716xh160xd145 mm, incl. fittings, capacity: 70 CDs or 40 music cassettes.	*35495

Video cassette shelf, w866xh240xd150 mm, incl. fittings. Capacity: 27 video cassettes	35396
Video cassette shelf, w716xh240xd150 mm, incl. fittings. Capacity: 22 video cassettes	*35496

Wood shelves.

The wood shelves are included when ordering complete bays.
However it may be necessary to order separate components as spare parts or when existing shelving units are rearranged.

Flat wood shelf 867x285 mm incl. fittings	35398
Flat wood shelf 717x285 mm incl. fittings	35498

Book support rail for wood shelves.

Book support rail, length 820 mm incl. fittings	35424
Book support rail, length 670 mm incl. fittings	35425

Hanging book supports.

The hanging book supports are not included when ordering complete bays. You have to order them separately.

Hanging book support, normal size 200 mm	33050
Hanging book support, folio size 250 mm	33051

Wood shelves with wood dividers.

- Complete starter shelf with 3 dividers and fittings. 35409
Shelf width 867 mm.
- Complete add-on shelf with 3 dividers and fittings. 35410
Shelf width 867 mm.
- Divider in birch wood, 328x280 mm. 34010

Wood shelves with acrylic dividers.

*not in inventory

- Complete starter shelf 867x220 mm incl. 13 dividers and fittings. 35407
- Complete add-on shelf 867x220 mm incl. 13 dividers and fittings. 35408
- Complete starter shelf 717x220 mm incl. 11 dividers and fittings. *35426
- Complete add-on shelf 717x220 mm incl. 11 dividers and fittings. *35427

Acrylic magazine display.

This acrylic magazine display is designed to be placed on the flat steel or wood shelves.

- Acrylic magazine display, w705xd120 mm with 9 compartments for magazines. 34411
- Acrylic magazine display, w855xd120 mm with 12 compartments for magazines. 34410

Wood corner shelves. *not in inventory

The corner shelves are meant to be fitted between two shelving bays which are placed in an angle.

- Corner shelf 90° (for panel depth 1x325 mm), birch, incl. fittings. 35399
- Corner shelf 90° (for panel depth 2x325 mm), birch, incl. fittings. *35419
- Corner shelf 45° (for panel depth 2x325 mm), birch, incl. fittings. 35420

Newspaper and Magazine racks.

These display units can only be mounted in the shelving units that are 913 or 891 mm wide. The bottom shelf, w867xd290 mm, and side panels are made of birch wood and the dividers are made of acrylic. The height of the units are 620 mm. These units are used as components in a shelving bay only, not as free-standing units.

- Newspaper cassette in width 867 mm incl. fittings. 35319
8 compartments for newspapers.

- Magazine cassette in width 867 mm incl. fittings. 35320
21 compartments for magazines.

Magazine storage units.

The magazine storage unit with dark acrylic pull-out shelves can only be mounted in the shelving units that are 913 or 891 mm wide. The outside measurements of this unit are w867xd290xh694 mm. Each compartment is w266xh40xd290 mm and you can store magazines, brochures, forms and printed matters in them.

Magazine storage starter unit with 30 compartments. 35331
Pull-out shelves and fittings are included.

Magazine storage add-on unit with 30 compartments. 35332
Pull-out shelves and fittings are included.

Dark acrylic pull-out shelf. 734380

Important note:

These units are used as components in a shelving bay only, not as separate freestanding units.

Tiltbox.

Tiltbox combines standard plastic file boxes with patented components to facilitate work with frequently searched materials.

Tiltbox components for 11 boxes for an 913 and 891 mm wide shelving unit. Excl. boxes. 35397

Tiltbox components for 9 boxes for 763 and 741 mm wide shelving unit. Excl. boxes. 35497

Rail and gripping bracket, view from side.

- Tiltbox size A4, red 2815
- Tiltbox size A4, white 2928
- Tiltbox size A4, blue 2929
- Tiltbox size A4, black 2930

Colours of boxes may change at short notice.

Label holder for Tiltbox, pack of 12. 2807
Labels for 2807, set of 120. 2707

Side panel support.

The side panel supports will prevent books from falling off the shelves through the open side panel. The side supports are not included when ordering complete bays. You have to order them separately.
