### SOUND SEAT

DESIGN SIR/MSA MÄRTEN CYRÉN AND SIR/MSA BERTIL HARSTRÖM

*Your own private space where you will be undisturbed even in public places.*

Listen to a talking book in the library or book shop, or the latest CD in the music store. No need for headphones – the sound is just there! Turn off the sound and use your private space for contemplation or a resting moment at the busy airport.

The Sound Seat speaks for itself – “Please do not disturb!”

Height: 147.5 cm  
Width: 80 cm  
Depth: 85 cm

Seat  
Height (front): 91.5 cm  
Depth: 52.5 cm

Loudspeakers
